INTRODUCTION

This booklet has been prepared by the WA Branch of The Australian Geoscience Information Association (AGIA) as a guide for those seeking geoscience information on WA. Please advise AGIA (WA) of any omissions you may note, as updates to this directory are intended.

Included in this list are the names of known geoscience information oriented company libraries. These are marked with an asterisk (*). Use of these libraries is usually only possible on a library-to-library basis.

Your attention is also drawn to BMR Report 269 'Directory of Geoscience Data Bases in Australia' - 1984. This report is due to be updated during 1987.

DISCLAIMER

This Directory is produced by AGIA (WA Branch).
While it is an official publication of AGIA designed to provide current information, AGIA accepts no responsibility for the accuracy of information or details contained herein.

SUBJECT INDEX

The Subject Terms used in this directory are those that are prescribed by the AUSTRALIAN THESAURUS OF EARTH SCIENCES AND RELATED TERMS, produced by the Australian Mineral Foundation.

Following each subject heading is a list of numbers. These numbers refer to the entry number in the directory proper.
